

Living Faith Church

The vision of Living Faith is to be a group of people who live out Acts 17:28

"For in Him we live and move and have our being."

To Live in Christ

The Good News of Jesus is that God has provided a way for us to have a close relationship with God. This connection starts when we confessing our sins and our need for God, asking God to forgive our sins, and receiving Jesus into our hearts. As with any relationship, our relationship with God must grow through communication through prayer, Bible reading and meeting with other people of faith.

To Move in Christ

God longs to transform the world and is continually calling his people be a part of that transformation.

To Be in Christ

We desire a relationship that is so tied to God that He is our very essence or being. We learn to live in Christ!
